

# Enterprise Project Management University

Microsoft Enterprise Project Management (EPM) University is pleased to offer online courses designed to impart the required knowledge to successfully install, configure and deploy Office EPM Solution.

**Microsoft EPM University provides students with an exciting online training environment. You will benefit by:**

- Interacting with instructors who are happy to share their real life deployment experiences
- Developing your understanding of Office EPM Solution through the hands on Virtual Lab environment
- Reinforcing your learning through self paced labs

Microsoft EPM University provides a cost effective training environment by bringing the classroom to you, eliminating the need for training facilities and travel expenses. All you need is a high speed internet connection, a PC and a telephone and you're ready to attend from the comfort of your home or office.
